

neo sleeve

neoprene protection sleeve for PC laptops.

Constructed from neoprene to provide maximum wear and tear protection for your laptop surface. Its slim design allows you to carry neo-sleeve on its own or as an additional protector for your laptop inside another bag. With its soft inner lining, the neo-sleeve is ideal for protecting your laptop from potential scratches caused by loose items in your bag. Available in Small, Medium and Large to suit from 12" up to 17" PC laptops.

Features:

Neoprene construction.

Constructed from 3mm neoprene, a versatile synthetic rubber material with proven performance. Neo-sleeve, designed for perfect fit around your laptop for a scratch resisting protection layer.

Slim design.

Neo-sleeve's slim design makes easy work of carrying and storing your laptop. Ideal to be used as a sleeve inside any laptop bag as an additional laptop protector.

Soft scratch-free inner lining.

A soft inner lining ensures your laptop will remain scratch-free whenever its taken in and out of neo-sleeve.
