

# neo sleeve

neoprene protection sleeve for MacBook/Pro.

Constructed from 3mm thick neoprene to provide maximum wear and tear protection for your laptop surface. Its slim design allows you to carry neo-sleeve on its own or as an additional protector for your laptop inside another bag. With its soft inner lining, the neo-sleeve is ideal for protecting your laptop from potential scratches caused by loose items in your bag.

### Features:

- 
**Neoprene construction.**  
 Constructed from 3mm neoprene, a versatile synthetic rubber material with proven performance. Neo-sleeve, designed for perfect fit around your laptop for a scratch resisting protection layer.
- 
**Slim design.**  
 Neo-sleeve's slim design makes easy work of carrying and storing your laptop. Ideal to be used as a sleeve inside any laptop bag as an additional laptop protector.
- 
**Soft scratch-free inner lining.**  
 A soft inner lining ensures your laptop will remain scratch-free whenever its taken in and out of neo-sleeve.
